# VIP Cybersecurity Program

## *Actively Protecting Your Personal Digital Assets*

### The Need

Cyber threats have become imminent, diverse and persistent not only to governments and corporations, but also to individuals, resulting in significant damage to both reputation and property.

These threats cross all borders and levels of society, requiring unique and creative solutions applied in a vigilant manner across all platforms.

### The Solution

HolistiCyber's VIP Services Program addresses these threats across all channels and form factors by proactively protecting your comprehensive personal digital assets, preventing potential cyber-attacks before they can happen.

HolistiCyber's program offers a variety of personalized services, from which you can choose, so that the program best meets all your individual cyber protection requirements.

### What to Expect

- Our program is comprehensive, ranging from personal threat analysis, recommendations, implementation and follow-thru
- We will research your individual assets and provide an assessment of potential threats and needs
- We will then tailor a defense plan to your specific requirements
- The plan will include active implementation, ongoing monitoring for vulnerabilities as well as an "on-call" response team and individual training, as needed
